CONCLUSION

- Less than 19% investors are investing their money in government securities and banks due this type of will no bear risk.
- Derivative market is a one of the spot market option. Now in India also derivatives getting 27% of the market share.
- There are about 26 commodity exchanges in India. But only a few of them are active. About 24 of them do not have modern communication facilities. This is a serious problem of concern, necessary steps is to taken to bring out commodity exchanges with the required infrastructure, employees and sophisticated technology.
